

# Court Order 2324-006

Order in the Matter of: Closing Investigation into Speaker AJ Boes

Petition Number:

**2324-004**

Petition Filed: Thursday February 1, 2024

Order Handed Down: Wednesday February 21, 2024

---

## Court Action:

In the matter of Petition 2324-004, the Butler University Student Body Supreme Court hereby closes the investigation into the Student Government Association's Speaker of the Senate AJ Boes.

## Reasoning:

After conducting the investigation into the actions and responsibilities of Speaker of the Senate AJ Boes, the Court has decided there is inadequate evidence to further the investigation into the matter. After conducting interviews with members of the Senate, collecting survey information from the current Senators of the Student Government Association, and gathering evidence in the matter of Petition 2324-004, the Court has failed to identify actions that constitute fiduciary and leadership irresponsibility on the part of AJ Boes. The evidence has shown a majority of the Senate feels that he has provided adequate training related to their job positions and is available for assistance when members of the Senate so request. Thus, the Court has decided it is in the best interest of the student body and the Student Government Association to terminate the investigation into Petition 2324-004.

Court Order 2223-006

**Justices:**

All Justices concur.

It is so ordered.
